

A NOTE FROM THE RANCH

Friends and Customers,

Welcome to the fall edition of our annual private treaty bull sale. We will be offering 23 head of homozygous black and homozygous polled Simmental and SimAngus bulls, to be bid off using our phone bid format on October 15th at 10 a.m. The bulls will sell in spreadsheet order and have been grouped by type and sire group. All bulls will start at \$3000 and increase by bids of \$100. This set of bulls represents our latest genetics and our effort to produce problem free bulls that excel in producing high quality, profitable calves for our commercial customers. We breed for ease of calving, with rapid growth that will mature in an economically sensible size. Major pressure is put on our cowherd to be fertile, sound structured, good footed, easy to handle and have quality udders. These bulls carry those genetics, as well as being bred to improve all aspects of carcass genetics: from hanging weight, to marbling, to ribeye area.

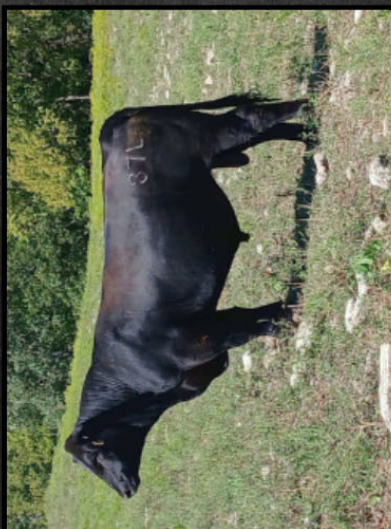

This year we have several exciting new sire groups.

The HOMELAND x D42 calves have been favorites of ours since they hit the ground last fall. Powerful, attractive, high growth bulls that are sure to attract a lot of attention. We're following that sire group up with a GLOBAL out of the E90 donor that is everyone's kind of bull! We have two JAILBREAK cow bulls that were very close to staying on the ranch as herd sires for us. The RESERVE x D9 flush has a lot of depth to it, with 83L being a baldy and an absolute standout in the bunch. We chose to round out the first set of cow bulls with 82L a baldy RESERVE son that is a commercial, but we think he is still exceptional despite not being registered. We started the heifer bulls off with a baldy JAILBREAK and two exceptional GOLD sons. 33L is the lone calf in the sale out of the new MULTIPLIER AI sire. The quality that he offers has us very excited for the larger group of calves out of him this spring. 22L is another commercial bull out of GALILEO. He is attractive in his design and one of the biggest bodied of the heifer safe bulls.

We offer volume discounts on three head or more, free delivery for the first 150 miles on purchase under \$5000, along with a first breeding season guarantee. Free delivery for 300 miles and a two-year warranty on bulls over \$5000. We believe referrals are the best advertising and offer a \$100 referral credit for any bulls new customers purchase. Be sure they tell us that you sent them to see our bulls. The bulls are ready to view at your convenience. Please call ahead so that Jeff or Kaitlin can be there to walk you through them and answer any questions, 620-344-0233 or 620-344-0357. Follow us on Facebook and Instagram at Houck Rock Creek Ranch for updated photos and videos.

Thanks,
Jeff and Kaitlin Houck
